

Reed Educational Trust Bursary Scheme

The bursary scheme is funded through Reed Business School and represents a grant towards fees for ACCA or CIMA accountancy courses attended at Reed Business School. Bursary funds, which are limited, are not intended to fund the total cost of a student's course and will be awarded up to a maximum of 50% of fees. Where a bursary is awarded, the remaining course fees must be funded by the employing charity.

The goal of the Reed Educational Trust bursary scheme is to fund students employed by a UK registered charity, thereby encouraging and supporting the personal and professional development of charitable workers.

A bursary application form must be completed by a registered charity on behalf of their employee(s).

Please email us to request an application form and our terms and conditions at rbs.reed@reed.co.uk

Reed Business School is a trading subsidiary of Reed Educational Trust Limited which is a registered charity.
