

Reed Educational Trust Bursary Scheme

The bursary scheme is funded through Reed Business School and represents a grant towards fees for ACCA or CIMA accountancy courses attended at Reed Business School. Bursary funds are limited and are not intended to fund the total cost of a student's course fees.

The goal of the Reed Educational Trust bursary scheme is to fund students employed by a UK registered charity, thereby encouraging and supporting the personal and professional development of charitable workers. Where a bursary is awarded, the remaining course fees must be funded by the employing charity.

A bursary application form must be completed by a registered charity on behalf of their employee(s).

Please email us to request an application form and our terms and conditions at rbs.reed@reedbusinessschool.co.uk.
